DETAILED ACTION

Response to Applicant's Arguments / Amendments

This Office Action is responsive to the correspondence filed on 6/21/07. Claims 1-43 are pending.

Applicant's arguments have been considered, but are not persuasive. Applicant argues that the references relied upon fail to teach "at least one squeegee member", however, as indicated in the former Office Action, in Figures 4 and 6 of Gibbs "the so-called right and left parts of the cover 20 as illustrated read on applicant's claims for at least two squeegee members".

In response to applicant's argument that there is no suggestion to combine the references, the examiner recognizes that obviousness can only be established by combining or modifying the teachings of the prior art to produce the claimed invention where there is some teaching, suggestion, or motivation to do so found either in the references themselves or in the knowledge generally available to one of ordinary skill in the art. See *In re Fine*, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988) and *In re Jones*, 958 F.2d 347, 21 USPQ2d 1941 (Fed. Cir. 1992). In this case, "it would have been obvious to one of ordinary skill in the art at the time of the invention to incorporate the rupturable cleaning capsules of Miller to the invention of Gibbs to provide exceptional cleaning efficiency. Cleaning capsules are known in the art to provide required liquids for cleaning/disinfecting in conjunction with the adsorption of known cloths for cleaning heads/mops".

The former rejection over the claims are maintained and thus, claims 1-43 are finally rejected for the reasons of record. See Non-Final Action filed 3/22/07.

Specification

In accordance with Applicant's amendment to the specification filed on 6/21/07, the objection to the specification is hereby withdrawn.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
